Please return this completed form to the TCHS Athletic Office

June 2011

Dear Parent/Guardian:

We are pleased to have your daughter/son out for a sport in the Tri County athletic program. There are six items that I would like to make you aware of:

1. Please be aware that the school does not carry insurance for athletic injuries. A plan to buy insurance through the school from First Agency can be provided which allows coverage at extremely reasonable rates and different plans are available to choose from. We want you to be aware that if an injury does occur, your family insurance will be the sole source of your coverage.
2. Again, for the 2011-12 school year, participation fees will be charged to participate in the Tri County athletic program. **These fees must be paid by prior to the first scheduled game or contest in the sport being participated in.** Failure to do so will result in athlete not allowed to participate unless arrangements have been made with the Athletic Director. Participation money should **not** be given to your coach, rather to the Athletic Department. Participation fees will not be refunded for those who quit a squad once the competitive season begins. Paying this fee **does not** guarantee playing time for your student-athlete. Money not collected may prevent participation. The fees are as follows:
 - A \$75 one-time fee for high school sports—whether your student plays one or three sports.
 - A \$50 one-time fee for junior high school sports —whether your student plays one or three sports.
 - This fee **does not** include clubs sports (High School bowling or Middle School football, poms and soccer)
 - A family maximum of \$175 for the school year with any combination of high school and junior high siblings.
3. The Code of Conduct attached is in effect during the year-round. Violations out of athletic season will have the same consequences as those in season.
4. In order for your child to practice, they must have a physical and this code on file in the Athletic Department office.
5. **All participants must be in attendance the entire day** at school to play in an athletic contest if school is in session that day. Only a doctor’s note may allow student-athletes to participate in a sporting event.
6. Athletes are responsible for the returning their uniforms at he end of the season, in the same condition that they were issued. Athletes must pay the cost to replace any article of uniform that was ruined, lost or stolen

**Note
Change
for 2011**

I have read and understand the meaning and purpose of the Athletic Eligibility Code and the contract. I agree to abide by the rules established and understand the penalties that will be administered for failure to abide by the rules.

Tri County Extra and Co curricular Contract

1. I realize that it is a privilege to participate in extracurricular and co curricular activities.
2. I realize that attendance at all practices and meetings and being on time are important to morale and performance. I will make every effort to be in attendance and on time. Missing scheduled event (or tardiness) could affect my chances of participation and could result in suspension from the team/group.
3. I realize that my appearance is important and will keep myself clean and well groomed.
4. I realize that my general conduct in and out of school shall be such as to bring no discredit to my school, my team or myself.
5. I will work hard in the classroom and will conduct myself according to school rules.
6. I will conduct myself in an acceptable and sportsmanlike manner at all times.
7. I understand that all equipment and uniforms are the property of the school and are not to be worn except for approved events. Issued school uniforms cannot be worn as personal clothing.
8. I am responsible for the care and cleaning of all issued equipment and uniforms and will return all equipment and uniforms in good condition at the scheduled time after the conclusion of the season.

I understand that all disciplinary action will follow the guidelines established in the Athletic Eligibility Code.

ATHLETIC ELIGIBILITY CODE

Representing Tri County Area Schools through interscholastic sports is considered an honor. Once a student achieves a position on a team, that person must abide by certain conduct and eligibility requirements during the entire year (this includes vacations and summer time) and indeed during their entire participation in athletic programs at Tri County. These requirements are necessary because young men and women representing Tri County should be setting a good example for younger students as well as their fellow students and community as a whole. We are proud of our athletic teams and only those who maintain satisfactory scholastic standing and good conduct will be a part of them.

General Penalty Guidelines:

Any athlete turning themselves in for an athletic code violation will have their penalty decreased by 10% on a first or second violation only.

Any athlete serving suspension will not be nominated for all-conference, all-area or all-state recognition.

Any Tri County student convicted of or pled guilty or nolo contendere (no contest) to a felony will lose their eligibility for the remainder of their time at Tri County. If final sentencing is less than a felony, the penalty will be reconsidered if requested by the athlete or their parents, to the Superintendent. A committee comprised of three (3) Board Members, the Athletic Director, and the Superintendent will make the final determination.

If suspension cannot be fully served during present sport season, it will carry over into the next sport season the athlete participates in.

If violation occurs when the athlete is not currently participating in a sport, the suspension will be served during the next season that the athlete participates in.

During suspension, athletes will be required to participate in all practices and attend all games (out of uniform). The athlete will not be allowed to participate, however, on any days s/he is suspended from school.

DUE PROCESS AND PROCEDURE

The coach of the sport in question (Principal and Athletic Director for alleged out-of-season violation) will conduct an investigation and review of any allegation of a violation of the above rules of conduct, excluding questions of scholastic ineligibility. This investigation and review may include consultation with the student under investigation and his/her parents or guardian. If a student is reasonably suspected of being in a violation of a rule, the student shall be notified of the charges against him/her and given an opportunity to respond. The student may be temporarily suspended from the team pending an immediate investigation and review. The student and parents or guardian shall be informed of any temporary suspension.

The investigation and review will be completed by the coach as soon as is reasonably possible. Upon completion of his investigation and review, if a violation is found to exist, the coach will report to the Athletic Director and Principal. If the investigation and review result in discipline being imposed, the student and/or the student's parents or guardians will be given written notice of the nature of the violation, a brief summary of the evidence in support of the finding of a violation, and notice of the penalty to be imposed.

The student and/or the student's parents or guardians will be given an immediate opportunity to meet with the Superintendent or his designee, if they so request. At such meeting, the student and/or the student's parents or guardians will be afforded the opportunity to present the student's side of the story on the charged violation itself and to present evidence in an extenuation and mitigation of any violation. Upon the conclusion of this review, the Superintendent or his designee may then affirm, modify or vacate the charged violation and/or the penalty, in whole or in part. The

Superintendent's decision is final. Athletic Code Violation Report forms are available from the Athletic Director for any person wanting to report a violation of the Athletic Eligibility Code.

COUNTERACTING PERFORMANCE ENHANCING DRUGS: ENFORCEMENT AND EDUCATION

With all the recent attention on performance enhancing drugs in professional and international sports, and with concern that both over-the-counter and illegal substances are being used at both the college and high school levels and, at the high school level, by athletes and non-athletes alike and, for different reasons, by males and females alike, the MHSAA provides these reminders of state laws:

PUBLIC ACT 31 REQUIRES NOTICE THAT POSSESSION/USE OF STEROIDS IS A CRIME

Public Act 31 requires athletic service providers – including both educational and recreational athletic facilities – to post notice that warns that any person who uses or knowingly possesses any androgenic anabolic steroid violates Michigan law and is punishable by imprisonment and fine.

PUBLIC ACT 187 PROHIBITS PROMOTION/DISTRIBUTION OF PERFORMANCE ENHANCING SUPPLEMENTS

Michigan public school employees and volunteers are prohibited by Public Law 187 from promoting or supplying dietary supplements which carry claims of enhanced athletic performance. The Law covers adrostenedione, creatine, and any compound labeled as performance enhancing.

To this end, in order to prevent the practice of performance enhancing drugs at Tri County Public Schools, the purpose of this addendum to the Tri County Athletic Code of Conduct is to inform both student-athletes and parents alike, that use of and/or distribution of any type or form of Performance Enhancing Agent will be treated in the same manner as any other illegal drug or substance. Any legal agent used by SA with Doctors' written consent is permissible (i.e. inhaler).

Due to the vast amount and quick evolution of PED's, the best policy is to contact the athletic office **PRIOR TO USE OF ANY SUPPLEMENT/SUBSTANCE THAT LABELS ITSELF AS A PERFORMANCE ENHANCER! REGULATIONS CHANGE ON PED'S BY THE DAY!**
