Tri County Preschool

PAMELA INGLES - DIRECTOR

Preschool 2016-2017

Families who have children that will be four years old by September 1, 2016 are welcome to apply to our four year old preschool programs. Families who have children that will be three years old by September 1, 2016 are welcome to apply to our three year old preschool programs.

There are several types of preschool programs available at Tri County Area Schools, housed in the Edgerton Building. The four year old preschool program opportunities include GSRP, tuition based, and HeadStart. Tri County Area Schools offers two four year preschool programs. The GSRP, Great Start Readiness Program, is a State-funded free preschool program for four year olds. Eligibility is based on risk factors determined by the State. We also offer a tuition preschool program for four year old children who do not qualify for a free preschool program. Tri County also offers a three year old preschool program. Both free and tuition slots are available for this program. 8Cap, of Montcalm County, offers a HeadStart program for three and four year old children. HeadStart is a federally funded free preschool program. By filling out this single application, we can determine which preschool program your child may qualify for.

This application is used by all preschool programs in Montcalm County. Once you have completed the application, it will be sent onto 8Cap of Montcalm County to be processed. Please fill out this application completely and answer the questions with as much detail as possible. All information will be verified at a final enrollment meeting.

You will be contacted once your child's application has been processed by 8Cap. Please return the completed application to the Edgerton Building or mail the completed application to:
