Weekly Announcements

January 17th – January 21st

Sand Lake Elementary

- **SLE students will be NWEA testing this week—Jan. 18 & 21. Be sure your student gets a good nights rest and a healthy breakfast.**
- We LOVE to celebrate the achievements of our young Vikings. If your child is involved in any type of extracurricular activity outside of school, and they have something exciting they would like to share with their classmates, please let us know. You can send details and pictures to mhalstead@tricountyschools.com
- All students go outside for recess– please send winter weather gear with your child to school each day. We have been blessed with donations of hats and gloves. Please let the office know if your child is in need.
- **If your student has a reusable water bottle or chap stick, please consider sending it to school for them to use during the school day.**
- If your student is sick during the school day, we may make the decision to send the student home. **To prevent the spread of illness, please have someone available to pick up your child within 45 minutes.**
- Any changes to how your student is going home for the day needs to be received by the office **no later than 2:45pm**. This ensures that your student is notified prior to the end of the day.
- If your student is absent, please call the attendance line unless you have a question (616) 636-5669, press 1. Absences should be reported to the office within 24 hours for it to be excused. Absences reported after 3:30pm will not be recorded until the following day.
- **If your student misses school due to a doctor/dentist appt, please obtain a doctors note to excuse the absence.**

* No School May 30
* Early Release June 1-3

Nurse's Notes

If your child is feeling ILL, please keep them home.

Make sure you are screening your child for the following symptoms prior to sending them to school:

- Fever 100.4 or above, sore throat, new uncontrolled cough that causes difficulty breathing, or for children with underlying conditions such as asthma/allergies a new cough different than baseline, diarrhea, vomiting, or abdominal pain, or new onset of severe headache
- **Despite the CDC's change for the Covid isolation period, this does not change the isolation period for school district.** Please continue to contact the office if your child is displaying symptoms of Covid or has someone in the household who is being tested for Covid or is Covid positive

Students must be vomit or fever-free for 24 hours prior to returning to school.
