ALLEN CUMINGS, SUPERINTENDENT OF SCHOOLS

School Annual Education Report (AER) Sand Lake Elementary

August 18, 2014

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2013-2014 educational progress for Sand Lake Elementary. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability and teacher quality. If you have any questions about the AER, please contact Fran Clemence for assistance.

The AER is available for you to review electronically by visiting the following web site www.tricountyschools.com or you may review a copy in the principal's office at your child's school.

The state has identified some schools with the status of Reward, Focus or Priority. A Reward school is one that is outperforming other schools in achievement, growth, or is performing better than other schools with a similar student population. A Focus school is one that has a large achievement gap in 30% of its student achievement scores. A Priority school is one whose achievement and growth is in the lowest 5% of all schools in the state. Our school has not been given one of these labels.

Key challenges for Sand Lake Elementary lie in the area of student achievement in math. Based on results of the 2013 MEAP for Math, 37% of third graders, 36% of fourth graders, and 28% of fifth graders are proficient. This year the teaching staff implemented an aligned, rigorous math curriculum as well as new instructional resources for teaching math. Since MEAP took place in the Fall of 2013, the assessment did not measure student growth after implementing the new curriculum. There will be a continued focus on targeting students struggling with math content and interventions will be implemented based on common assessment data in order to close the gaps in achievement.

Sand Lake Elementary services students in grades 3-5. Classes are created utilizing student achievement data as well as information regarding affective needs. Students entering third grade come from MacNaughton Elementary, the Kindergarten through Second grade building in the district.

Sand Lake Elementary Staff has developed a 5-7 year School Improvement Plan. Our goals have been designed based on analysis of student achievement data. The Sand Lake Elementary School Improvement Team has identified the following goals for our school:

1. *All students will be proficient in math.*
2. *All students will be proficient in reading.*
3. *All students will be proficient in writing.*

Annual Education Report
Sand Lake Elementary School

Access to the Core Curriculum for Sand Lake Elementary can be obtained by contacting the school principal. The Math Curriculum has been aligned to the State's Core Curriculum and the ELA Curriculum is currently undergoing realignment.

Students at Sand Lake Elementary also complete NWEA MAP (Measures of Academic Progress) Assessments to measure student achievement and growth in the areas of mathematics, reading, and language usage. These tests are important to teachers as they allow for monitoring student growth. They can be used to identify areas of strength as well as areas of need. The teachers use this information to design instruction based on student needs.

On the Spring 2013 MAP Assessment in MATH, the following percentile ranks were achieved: 28th in third graders, 18th in fourth grade, and 27th in fifth grade.

On the Spring 2014 MAP assessment in MATH, the following percentiles were achieved: 43rd percentile for third and fourth grades and 50th percentile for fifth grade. This is a marked improvement over one school year.

On the Spring 2013 MAP assessment in READING, the following percentile ranks were achieved: 28th in third graders, 22nd in fourth grade, and 36th in fifth grade.

On the Spring 2014 MAP assessment in READING, the following percentile ranks were achieved: 30th in third graders, 26th in fourth grade, and 36th in fifth grade. In 2013-2014 86.6% of students were represented by parents at Parent-Teacher Conferences.

The Sand Lake Elementary Staff is excited to work with you to help your child *achieve their best future!* We believe that all children can learn and that through strong ties with our families and communities we can ensure student success! Please feel free to contact the school principal with any questions or concerns.

Sincerely,

Fran Clemence
Principal, Sand Lake Elementary
