School Annual Education Report (AER) Cover Letter Tri County High School

February 15, 2022

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER), which provides key information on the 2021-22 educational progress for Tri County High School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Tim Goheen, Principal for assistance.

The AER is available for you to review electronically by visiting the following website **www.tricountyschools.com**, or you may review a copy in the main office at your child's school.

For the 2021-22 school year, schools were identified based on previous years' performance using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that had at least one underperforming student subgroup in 2018-19. An Additional Targeted Support (ATS) school is one that had a student subgroup performing at the same level as the lowest 5% of all schools in the state in 2017-18. A Comprehensive Support and Improvement (CSI) school is one whose performance was in the lowest 5% of all schools in the state or had a graduation rate at or below 67% in 2016-17. Some schools are not identified with any of these labels. In these cases, no label is given.

Tri County High School **has not** been given one of these labels.

Key Challenges

There are a number of key challenges that face students and staff at Tri County High School. However, the biggest challenge these past two years was navigating through the Covid-19 pandemic. Based on the Spring 2021 SAT scores, the percent of students who were proficient in English Language Arts was 54%, in Math 33%. These compared to the state averages of 56% in English Language Arts, 34% in Math. Our teaching staff at Tri County High School continues to work extremely hard to develop an aligned curriculum in English Language Arts, Science and Mathematics. We continue to build our curriculum using state standards within all departments.

State law requires that we also report additional information

1. PROCESS FOR ASSIGNING PUPILS TO THE SCHOOL

Pupils are assigned to Tri County High School based on grade level and how many credits received each semester. Classes are also scheduled based on future educational goals and test scores.

2. *THE STATUS OF THE 3-5 YEAR SCHOOL IMPROVEMENT PLAN*

Tri County High School staff has developed a 3-5 year school improvement plan. Our goals have been designed based on analysis of student achievement data. The Tri County High School improvement team has identified the following goals for our school.

3. *A BRIEF DESCRIPTION OF EACH SPECIALIZED SCHOOL*

While the district does not offer a specialized school, we continue to maintain a plethora of elective classes.

4. *CORE CURRICULUM FROM THE STATE'S MODEL*

A copy of our High School curriculum is available for review in our High School office. Our curriculum has been created to align with both the state and federal government standards. We use the Gradual Release of Responsibility framework for teaching and use Adaptive Schools instructional strategies.

5. *THE AGGREGATE STUDENT ACHIEVEMENT RESULTS FOR ANY LOCAL COMPETENCY TESTS OR NATIONALLY NORMED ACHIEVEMENT TESTS*

I would like to thank our community, parents, teachers, and students for their continued support.

Our school has grown significantly over the past few years physically, academically, and culturally. Several years ago, our community passed a sinking fund and last year our community passed a bond that will help our high school out tremendously. With the proceeds from the bond we will renovate our science labs to bring them into the 21st century. We will also be building a cafetorium that will function not only as a cafeteria during school lunch time, but also serve as an auditorium and performance center for our band, choir, and drama club. The bond also budgeted renovations to some of our sports facilities, such as the football and track stadium, wrestling room, and soccer field.

Our unique location provides our students with countless opportunities that most other high school students do not have access to. Tri County students have access to 2 career centers, and have earned college credit at 5 different colleges. Typically, we have up to 7 college classes a year hosted right on our high school campus.

Our staff is committed to providing quality academic opportunities and other supportive services to ensure all students achieve their best future. Please feel free to contact the High School with any questions or concerns.

Sincerely,

Tim Goheen, Principal
Tri County High School
